

# CPD TRAINING

**CIRCULAR – JANUARY 2021**

CPD training is often undervalued for its worth, for it is really the hallmark of professionalism. It builds capacity in the field of expertise beyond initial academic training and furthermore the CPD process helps the counsellor manage their own progress on an ongoing basis to enhance professional development and contribute to occupational specialization.

If we understand CPD correctly it will help the member adopt a positive attitude and feel gratitude for being able to participate in such a process which has the following key features:

- It is a self-directed process that ought to be driven and activated by you, not the professional body
- Set goals and objectives of the expertise you aspire to achieve.
- Requires you to engage in reflective learning and review of your knowledge or experience base and competencies.

From the side of the ASCHP, CCSA and NHA we work to help you achieve these accomplishments by ensuring that:

- We make quality and stimulating topics available to you
- Cover the entire spectrum of counselling services
- Provide for counsellors on various levels of seniority
- Develop expertise to improve the marketing value of counselling services
- Recruit credentialed CPD providers that can offer quality training aligned to scope of practice
- Establish online platforms and pursue other avenues to make CPD development more accessible, affordable and convenient to complete.

What we please need you to do is to:

- Inform us about the choice of topics you would like to see presented
- Design a development pathway programme for yourself to increase your expertise as part of your POE
- Focus on the CPD's aligned to your developmental programme
- Punctually complete your prescribed CPD's for professional body compliance.
- Display your CPD certificates in your consulting room and on your website to make your clients aware of your professional development.

We have pleasure in introducing (in alphabetical order) the following CPD contributors to 2021 CPD's

#### **Dr. Arien Van der Merwe**
